Hello Amber! ...and welcome to your **Numerology Report!** ...Above you'll see your Numerology Chart, with all of your *Numbers*. This way you can see them all at a glance. It's useful to look at it as a *Whole* this way....

As you can see, you have a couple of “9s”, *Philanthropy & Completion*, and “11/2’s” – 2 is *Relationships, Partnerships, Cooperation and Mediation*.

In the case of your *Destiny Number* and *Personality Number*, I wrote them as “11/2”, because, before the final reduction to “2”, I got “11”, which is a Master Number. It means an opportunity for a higher-calling. **Master Number 11** is *The Master Illuminator Number*, and they are here to teach the rest of us....

The Number “1” is missing from your Chart, and I like to take a look at what’s missing, as well as what is there. This is fine. I would just suggest taking opportunities to consciously implement it in your Life.

“1” is about allowing yourself to put yourself First. It’s also the Number of *Leadership*, and so look for opportunities to assert yourself and take on leadership roles....

Continued....

“4” is also missing, which is *Structure* in Numerology. So you may benefit from looking for ways to implement more structure in your Life!

So, I like to start off with the *World Year Number* (sometimes called the *Universal Year*), which is not part of your Chart, but everyone on the planet is under the influence of.

We are currently in a ***World Year of 6*** – *A return to Balance & Harmony, after the Chaos of 5*. But, more importantly, we are about to move into a New Year. 2023 will be a ***World Year of 7!***

Seven is a magical and spiritual year! In a World Year of 7, we all feel drawn to connect with our spirituality, and our antenna is up where our intuition is concerned. We may find ourselves venturing out attending workshops, and finding people who are like minded.

If there is research to be done, this is the year. What about that genealogy project you have thought about or researching something you dreamed of? In a 7 year we often live in our heads a bit too much and need personal space.

Just don't hermit in too long and once you've had your space, get back into the game. Find time to listen to music, take walks in nature and being near water can be very comforting and healing. 7 is a magical and mystical number; there is mystery in the air this year!

In addition to the *World Year Number*, each of us is somewhere in our 9-Year *Personal Year Cycle* ...2022 was a ***Personal Year of 4*** for you! ...Which, as I mentioned, is *Structure* ...But more importantly, you are about to move into a ***Personal Year of 5!***

*So, before we take a look at your upcoming **Personal Year of 5**, let's get the rest of Your Numbers out of the way....*

Continued...

Your ***Life Path Number is 8!*** ...Arguably the most important *Number* in your *Chart*, The *Life Path* is derived from your full Birth Date. I liken it to the *Sun Sign*, in Astrology.

EIGHTS do not feel safe unless they have found a way to establish financial security. It is difficult for the 8s to take advice. When they make a choice, they must feel it is their decision, NOT SOMEONE ELSE'S. As a result, they do tend to learn the hard way.

8s are very honest and by being so blunt, they unintentionally hurt feelings. Although they can sometimes appear insensitive, what is going on inside them is the exact opposite. They do feel deeply about everything that goes on in their lives.

Your ***Attitude Number is 7!*** ...Derived from your Month and Day of Birth, with the 7 Attitude, you don't get to know what they're thinking or feeling. They keep to themselves and are introspective. They must continue studying the quest of why they are here: The 7 Attitude asks the big questions.

They will reveal themselves slowly as they go. They can shut down and make you feel they are not remotely interested in what you are saying, but the joke is on you because they are the ultimate observers. They don't miss anything.

Your ***Birth Day Number is 6!*** ...Obviously your Day of Birth, this number symbolizes Venus. People born on the 6th 15th and 24th are extremely magnetic and adored, determined in carrying out their plans, artistic, entertaining, loving, romantic, affectionate, fond of music, paintings and anything that is rich. Great power of making friends but cannot stand jealousy.

They appear as a born nurturer; someone who carves love, friends and companionship. When a 6 Birthday walks into a room, you will feel their presence immediately. They have a dynamic energy. The world sees them as a solid personality, very responsible and capable of managing other people.

Continued...

A 6 Birthday instinctively knows how to deal with children, and pets usually respond to them with instant affection.

Your **Destiny Number is a 11/2!** ...This *Number* comes from your *Full Name* at Birth. Before you leave the planet, your destiny is to bring people together in peace and harmony. You are the consummate mediator; 2's make good judges and are often in civil rights work.

Don't let your compassion overwhelm you. If you don't stay strong within yourself, you will not be effective in your work that means so much to you. You love unconditionally, and while you are a fine parent and mate, you will ultimately find a way to bring these qualities to the world at large.

You have innate psychic abilities. Remember to not take on the pain of others, or you can be tempted to retreat within yourself. Your destiny is to stay IN the world and create a better one....

As I mentioned earlier, your Destiny Number also includes the **Master Illuminator Number 11**. This an opportunity for a higher-calling. They are here to teach the rest of us....

Your **Soul-Urge Number is 9!** ...This is derived from the Vowels in your Birth Name.

My 9 soul is fulfilled when I have resolved old family issues that have caused me pain. When I am living in the moment, taking in everything that Life has to offer me. When I am making a good living and it involves contributing to humanity.

Personality Number 11/2. The *Personality Number* comes from the Consonants in your Birth Name. Personality Number 2's appear as someone who is the peacemaker, the born mediator. You do best in partnerships. You must watch being oversensitive, and learn to establish boundaries, for you are a person that appears to be the perfect friend, and some would take advantage of this.

Continued...

You feel incomplete alone, and even avoids the spotlight, seeking companionship above all. This Number favors marriage and business alliances. Your innate fairness and sincerity give you a good chance of succeeding at both.

Your **Power Name Number is 9!** ...This *Number* is derived from the Name you are *most commonly known by now*. Unlike your Date of Birth and Birth Name, which cannot be changed, we have control over the Power Name. Some folks even completely change their Name, such as when *Reginald Kenneth Dwight* became *Elton John!*

The Power Name Number 9 has a palpable energy. People see it when they meet you, and you have the ability to help others. The Number 9 is the Number of completion. You have tremendous intuition and insight about Life, so much so that you intimidate others. For this reason, you must be careful not to say anything might sound superior, however unintentionally.

Let go of old family matters. The 9 can either live in resentment of their original family or feel too responsible for them. The 9 must embrace some sort of spirituality to maintain true serenity. Take time to explore this dimension of your Life. You have a lot of power, and it is to the 9's credit that most of you use it wisely and are a real force for good in the world.

Your **Intensity Numbers are 3 & 9!** ...This *Number* is sometimes tricky to calculate, but generally refers to the *Number* that appears within your *Birth Name the most*. In your case, it's two Numbers!

The joker, the celebrator of Life; creativity is a big part of your Life, you mix well, you're social, 3's have an enjoyment of people, a playful quality. An intensity that means they never grow up; there's always a childlike quality in their eyes, at any age. A 3 Intensity should be in any field where verbal communication is a prerequisite.

The 9 is charitable and cares deeply for people. They have a strong sense of wanting to go places. They should travel, look at the World, keep a journal,

write their thoughts down and let go of old pain from their past. When they need assistance, they need to ask for it. The 9 Intensity should not resist leadership positions. They are very good at being in charge.

Now that we've taken a look at ***all of*** the Numbers in your Chart, let's take a look at what's in store for you in 2023! You will be going into a ***Personal Year of 5!***

A year of adventure and change; you won't be bored! Plan out your trips for the year – day trips to your local parks, museums, or long-distance destinations. Create a vision board with all the places and things you choose to manifest this year. A 5 year brings fast energy. Seeking out activities and relationships that are grounding will be your best friend this year.

You may want to add some things to your business or life. Great ideas come up in a 5 year and in a 6 year it will pay off. It's not an ideal year for personal commitments but if you do, take a good look, take it slow and remember you are worth waiting for! Surprises await you around every corner so go forward with an open heart!

WOW! That was amazing! I hope you enjoyed your *Report* as much as I did creating it! Some of what shows up in your Chart/Report may not seem "like you". This usually means the individual is working that particular energy in the opposite, like swimming upstream! This is natural. Most of us do this, and this is an opportunity to switch directions and follow the Flow...
