Intensity Number = 9

Hello Katie! ...and welcome to your **Numerology Report!** ...Above you'll see your Numerology Chart, with all your *Numbers*. This way you can see them all at once. It can be useful to look at it this way....

As you can see, you have a lot of "9s", *Philanthropy & Completion*. These are the "Old Souls", with a lot of leadership ability and care for all people. You also have some "6's", *The Nurturer*...

I like to take a look at what's missing, as well as what is there. The Number "8" is missing from your Chart. This is fine. I would just suggest taking opportunities to consciously implement it in your Life.

"8" is about *Abundance, the material realm, finances*. So, I would just suggest paying more attention to this area of your Life. Review and plan your finances. Learn about saving and investments. Make a conscious effort in this area....

So, I like to start off with the *World Year Number* (sometimes called the *Universal Year*), which is not part of your Chart, but everyone on the planet is under the influence of.

We are currently in a **World Year of 6** – *A return to Balance & Harmony, after the Chaos of 5*. But, more importantly, we are about to move into a New Year. 2023 will be a **World Year of 7!**

Seven is a magical and spiritual year! In a World Year of 7, we all feel drawn to connect with our spirituality, and our antenna is up where our intuition is concerned. We may find ourselves venturing out attending workshops and finding people who are like minded.

If there is research to be done, this is the year. What about that genealogy project you have thought about or researching something you dreamed of? In a 7 year we often live in our heads a bit too much and need personal space.

Just don't hermit in too long and once you've had your space, get back into the game. Find time to listen to music, take walks in nature and being near water can be very comforting and healing. 7 is a magical and mystical number; there is mystery in the air this year!

In addition to the *World Year Number*, each of us is somewhere in our 9-Year *Personal Year Cycle* ...2022 was a **Personal Year of 3** for you! ...This was all about *Communication & Creativity* ...But more importantly, you are about to move into a **Personal Year of 4!**

*So, before we take a look at your upcoming **Personal Year of 4**, let's get the rest of Your Numbers out of the way....*

Your **Life Path Number is 9!** ...Arguably the most important *Number* in your *Chart*, The *Life Path* is derived from your full Birth Date. I liken it to the *Sun Sign*, in Astrology.

NINES are the natural leader. People assume they are in charge even if they are not. If in a department store, people think they work there. They take care of everyone else but need to learn to speak up when they need help, love, and hugs.

9s often feel unloved or abandoned by their mother or father, or they feel completely responsible for them. It's hard for them to let go of the past.

Your **Attitude Number is 6!** ...Derived from your Month and Day of Birth, the 6 Attitude is the nurturer. Male or female, they are taking care of everybody else. So, if you have a child with a 6 attitude. They act as if they are your mother or father, they're the ones in charge; they don't want you telling them what to do or how to be.

They feel useful only when things are out of control, and they are fixing it. If it's peaceful, they don't know what to do with themselves. They definitely take care of other people and they're usually great with children or running a business. When a 6 walks in a room, we are drawn to them like a moth to the flame.

Your **Birthday Number is 1!** ...Obviously your Day of Birth, Number 1 is the beginning, creator, the sun, origin, people born on the 1st 10th 19th and 28th are governed by this number. They appear as someone who is very cerebral, someone who takes pride in his or her individuality. They are creative in nature, inventive, have strong individuality, ambitious and often rise in whatever profession they are.

You will appear to others as independent, creative, and very capable in a leadership position. The 1 Birthday people do their best work when they feel respected by those they work for. If under too much scrutiny, they will rebel.

Your **Destiny Number is a 9!** ...This *Number* comes from your *Full Name* at Birth. Before you leave the planet, your destiny is to achieve and lead others to a higher state of consciousness. To attain this, you must learn to forgive those who have hurt you in the past.

You are strong and unflappable, and that is why people turn to you for leadership in a crisis. The downside of this is that you can sometimes seem unapproachable or even arrogant, but as we both know, you actually need

and welcome Love. Let people know when you need their help. *It's OK to ask for it.* As you grow and learn to master a more balanced outlook on Life, it is part of your destiny to teach others how to do the same....

Your ***Soul-Urge Number is 33/6!*** ...This is derived from the Vowels in your Birth Name.

My 6 soul is fulfilled when I have children. When I run my own company, and I have a lot of responsibility. When people look up to me and acknowledge all my hard work. When I am needed and appreciated by the people in my Life.

Your Soul Number also includes the ***Master Healer/Teacher Number 33.*** This an opportunity for a higher-calling. They are here to heal others and teach to the masses.....

Personality Number 3. The *Personality Number* comes from the Consonants in your Birth Name. 3's love dressing up. Your appearance is important to you. You're happy when you are well groomed and prepared to greet the public. Your gift is communication.

The 3 Personality is witty and fun to be around. You love to give advice, and even if it's unsolicited, it's usually well received. You are a good listener (and even better talker), and you love the telephone.

In fact, conversation is a huge part of your Life. But work on your mood swings; even though you snap right out of it, others don't always get over them as quickly. Bringing joy to others is what really fulfills you.

Your ***Power Name Number is 6!*** ...This *Number* is derived from the Name you are *most known by now*. Unlike your Date of Birth and Birth Name, which cannot be changed, we have control over the Power Name. Some folks even completely change their Name, such as when *Reginald Kenneth Dwight* became *Elton John!*

Continued...

The Power Name Number 6 person is usually attractive in a way that goes beyond the physical. You present yourself well. There's a magnetism to you.

You want to be in charge, and your air of authority makes it easy for others to follow you. Damage control is your specialty and sometimes you get nervous when things go too smoothly. Relax, trouble is not necessarily around the corner.

You are dependable to the point where you must seek a balance and learn to loosen up and enjoy the life you have so industriously built for yourself and your loved ones.

Your **Intensity Number is 9!** ...This *Number* is sometimes tricky to calculate, but generally refers to the *Number* that appears within your *Birth Name* **the most**.

The 9 is charitable and cares deeply for people. They have a strong sense of wanting to go places. They should travel, look at the World, keep a journal, write their thoughts down and let go of old pain from their past. When they need assistance, they need to ask for it. The 9 Intensity should not resist leadership positions. They are very good at being in charge.

Now that we've looked at **all of** the Numbers in your Chart, let's take a look at what's in store for you in 2023! You will be going into a **Personal Year of 4!**

Home energy, education, and stability in love rule the year! Painting, redecorating, adding new colors to your home; or creating your perfect nest. Four is all about learning and teaching.

A wonderful year to take a course, go back to school, or teach something you love. On the shadow side you can be inflexible and a bit of a perfectionist. It's a year where you want stability but don't rule out taking a risk on something you really desire!

WOW! That was amazing! I hope you enjoyed your *Report* as much as I did creating it! Some of what shows up in your Chart/Report may not seem “like you”. This usually means the individual is working that particular energy in the opposite, like swimming upstream! This is natural. Most of us do this, and this is an opportunity to switch directions and follow the Flow...
