Hello Robby! ...and welcome to your **Numerology Report!** ...Above you'll see your Numerology Chart, with all of your *Numbers*. This way you can see them all at a glance. It's useful to look at it as a *Whole* this way....

As you can see, you have a couple of "9s", *Philanthropy & Completion*, and "1's", *The Self, Leadership*.

I like to take a look at what's missing, as well as what is there. You are missing "5, 6 & 7", but you have "6's" in your Name, so It's mostly "5's" and "7's" ...This is fine. It's just worth taking a quick look at....

So "5" is *Adventure* and "7" is *Deep-Thinking & Spirituality*... I would just suggest looking for ways to implement this more in your Life. Looking for opportunities to be more "adventurous", as well as putting more thought into some areas, and looking for ways to connect "spiritually".

This could be as simple as spending some alone-time daily, creating a ritual, or practicing Yoga or Martial Arts....

*Continued....*

So, I like to start off with the *World Year Number* (sometimes called the *Universal Year*), which is not part of your Chart, but everyone on the planet is under the influence of.

We are currently in a ***World Year of 6*** – *A return to Balance & Harmony, after the Chaos of 5*. But, more importantly, we are about to move into a New Year. 2023 will be a ***World Year of 7!***

Seven is a magical and spiritual year! In a World Year of 7, we all feel drawn to connect with our spirituality, and our antenna is up where our intuition is concerned. We may find ourselves venturing out attending workshops, and finding people who are like minded.

If there is research to be done, this is the year. What about that genealogy project you have thought about or researching something you dreamed of? In a 7 year we often live in our heads a bit too much and need personal space.

Just don't hermit in too long and once you've had your space, get back into the game. Find time to listen to music, take walks in nature and being near water can be very comforting and healing. 7 is a magical and mystical number; there is mystery in the air this year!

In addition to the *World Year Number*, each of us is somewhere in our 9-Year *Personal Year Cycle* ...2022 was a ***Personal Year of 1*** for you! ...*New Beginnings!* ...But more importantly, you are about to move into a ***Personal Year of 2!***

*Before we take a look at your upcoming **Personal Year of 2**, however, let's get the rest of Your Numbers out of the way....*

Your ***Life Path Number is 8!*** ...Arguably the most important *Number* in your *Chart*, The *Life Path* is derived from your full Birth Date. I liken it to the *Sun Sign*, in Astrology.

*Continued...*

**EIGHTS** do not feel safe unless they have found a way to establish financial security. It is difficult for the 8s to take advice. When they make a choice, they must feel it is their decision, NOT SOMEONE ELSE'S. As a result, they do tend to learn the hard way.

8s are very honest and by being so blunt, they unintentionally hurt feelings. Although they can sometimes appear insensitive, what is going on inside them is the exact opposite. They do feel deeply about everything that goes on in their lives.

Your **Attitude Number is 4!** ...Derived from your Month and Day of Birth, the 4 Attitude is a list keeper. They can be very quiet; you don't know what they're thinking. They're keeping track of all that's happening. You might find them surrounded by nature, or doing any form of repair, or construction.

The 4 Attitude teaches all of us. They become an expert at their skill and teach us how to do it. They definitely will play devil's advocate: they make you see all sides. That's their Attitude Number.

Your **Birth Day Number is 2!** ...Obviously your Day of Birth, this number represents the moon. People born on the 2nd 11th 20th and 29th are governed by this number. They appear as someone who can see both sides of every question.

They are happy to follow and work well in groups. They usually don't carve the spotlight but are inspirational to others. They are often psychically gifted, and don't be surprised when people ask you for that kind of advice.

2 Birthdays are gentle, imaginative, artistic, romantic, but oversensitive, despondent, and often melancholy if not in happy surroundings. Number 2 people should guard against being restless, unsettled, lack of continuity in their plans and ideas and lack of self-confidence.

Your **Destiny Number is a 3!** ...This *Number* comes from your *Full Name* at Birth.

*Continued...*

Before you leave the planet, your destiny is to motivate and uplift people. You are the communicator and can often be found as a motivational speaker, and actor, or writer. On another level you could be striving to make people more beautiful as a cosmetologist, clothing designer, or interior designer.

You always need to make things better and you succeed at this in a wonderful way. Be careful that in your need to counsel and heal you do not pick partners and friends who lead you into depression. Maintain your own equilibrium and balance. You are a joy to others; learn to control your emotions so you can also be a joy to yourself....

Your ***Soul-Urge Number is 1!*** ...This is derived from the Vowels in your Birth Name.

*My 1 soul is fulfilled when I have a personal victory or feel I have just won some sort of competition. When I feel I am #1 at what I do, and I am treated with respect. When I have the courage to just be me and feel completely accepted.*

***Personality Number 11/2.*** The *Personality Number* comes from the Consonants in your Birth Name. Personality Number 2's appear as someone who is the peacemaker, the born mediator. You do best in partnerships. You must watch being oversensitive, and learn to establish boundaries, for you are a person that appears to be the perfect friend, and some would take advantage of this.

You feel incomplete alone, and even avoids the spotlight, seeking companionship above all. This Number favors marriage and business alliances. Your innate fairness and sincerity give you a good chance of succeeding at both.

Your Personality Number also includes the ***Master Illuminator Number 11.*** This an opportunity for a higher-calling. They are here to teach the rest of us....

*Continued...*

Your **Power Name Number is 9!** ...This *Number* is derived from the Name you are *most commonly known by now*. Unlike your Date of Birth and Birth Name, which cannot be changed, we have control over the Power Name. Some folks even completely change their Name, such as when *Reginald Kenneth Dwight* became *Elton John!*

The Power Name Number 9 has a palpable energy. People see it when they meet you, and you have the ability to help others. The Number 9 is the Number of completion. You have tremendous intuition and insight about Life, so much so that you intimidate others. For this reason, you must be careful not to say anything might sound superior, however unintentionally.

Let go of old family matters. The 9 can either live in resentment of their original family or feel too responsible for them. The 9 must embrace some sort of spirituality to maintain true serenity. Take time to explore this dimension of your Life. You have a lot of power, and it is to the 9's credit that most of you use it wisely and are a real force for good in the world.

Your **Intensity Number is a 9!** ...This *Number* is sometimes tricky to calculate, but generally refers to the *Number* that appears within your *Birth Name the most*.

The 9 is charitable and cares deeply for people. They have a strong sense of wanting to go places. They should travel, look at the World, keep a journal, write their thoughts down and let go of old pain from their past. When they need assistance, they need to ask for it. The 9 Intensity should not resist leadership positions. They are very good at being in charge.

Now that we've taken a look at ***all of*** the Numbers in your Chart, let's take a look at what's in store for you in 2023! You will be going into a ***Personal Year of 2!***

Choose what you love and cultivate harmony in your life, home and relationships! A good year to bring in new relationships or spice up current ones.

*Continued...*

Your psychic sense and intuition is your ally this year. It's a year of keeping your balance and you might find yourself assisting mediating or negotiating a situation as you can be a good listener.

Keep a gratitude journal and write 5 things to be grateful for each day. Sometimes you can feel a bit more sensitive in a 2 year, clingy, and co-dependent. Fall in love with yourself this year and above all, listen to your intuition.

WOW! That was amazing! I hope you enjoyed your *Report* as much as I did creating it! Some of what shows up in your Chart/Report may not seem "like you". This usually means the individual is working that particular energy in the opposite, like swimming upstream! This is natural. Most of us do this, and this is an opportunity to switch directions and follow the Flow...
