Hello Sarah! ...and welcome to your **Numerology Report!** ...Above you'll see your Numerology Chart, with all of your *Numbers*. This way you can see them all at a glance. It's useful to look at it as a *Whole* this way....

As you can see, you have a couple of “8s”, *Abundance*, and Your Chart is well rounded with the other *Numbers*. However Your Chart is missing “4s” (*Structure*) and “7s” (*Deep-Thinking, Spirituality*)...

This is fine; just worth taking a look at. I like to take note of what is not in your *Chart*, in addition to what is. I tell folks who are “missing” a *Number Energy*, to just keep that in mind, and look for ways to consciously implement that in their Lives.

So, in your case, how can you implement more *Structure*, and perhaps spend more time looking deeply into things? How can you practice more spirituality? Perhaps a spiritual practice, daily ritual. It can be as simple as finding 10 minutes or so for some “alone time”, or taking up Yoga, as an example....

Continued....

So I like to start off with the *World Year Number* (sometimes called the *Universal Year*), which is not part of your Chart, but everyone on the planet is under the influence of.

We are currently in a ***World Year of 6*** – *A return to Balance & Harmony, after the Chaos of 5*. But, more importantly, we are about to move into a New Year. 2023 will be a ***World Year of 7!***

Seven is a magical and spiritual year! In a World Year of 7, we all feel drawn to connect with our spirituality, and our antenna is up where our intuition is concerned. We may find ourselves venturing out attending workshops, and finding people who are like minded.

If there is research to be done, this is the year. What about that genealogy project you have thought about or researching something you dreamed of? In a 7 year we often live in our heads a bit too much and need personal space.

Just don't hermit in too long and once you've had your space, get back into the game. Find time to listen to music, take walks in nature and being near water can be very comforting and healing. 7 is a magical and mystical number; there is mystery in the air this year!

In addition to the *World Year Number*, each of us is somewhere in our 9-Year *Personal Year Cycle* ...2022 was a ***Personal Year of 3*** for you! ...Which is in alignment with your *Birthday Number*. Three is the Number of *Creativity & Communication* ...But more importantly, you are about to move into a ***Personal Year of 4!***

*So, before we take a look at your upcoming **Personal Year of 4**, let's get the rest of Your Numbers out of the way....*

Continued...

Your ***Life Path Number is 5!*** ...Arguably the most important *Number* in your *Chart*, The *Life Path* is derived from your full Birth Date. I liken it to the *Sun Sign*, in Astrology.

Fives seek freedom, fun, adventure. If they do not live the adventure, their lives become way too dramatic. They are the natural detectives and celebrators of life (holidays are usually their specialty). 5s have a hard time settling down and have a fear of being trapped or smothered in a relationship.

Your ***Attitude Number is 6!*** ...Derived from your Month and Day of Birth, The 6 Attitude is the nurturer. Male or female, they are taking care of everybody else. So if you have a child with a 6 attitude. They act as if they are your mother or father, they're the ones in charge; they don't want you telling them what to do or how to be.

They feel useful only when things are out of control and they are fixing it. If it's peaceful, they don't know what to do with them selves. They definitely take care of other people and they're usually great with children or running a business. When a 6 walks in a room, we are drawn to them like a moth to the flame.

Your ***Birth Day Number is 3!*** ...Obviously your Day of Birth, this number symbolizes Jupiter. People born on the 3rd 12th 21st and 30th are governed by this number. They appear to be a joyous person and faithful friend. While appearing to be artistic and imaginative, people will also see you as practical and, if a parent, a very good disciplinarian.

Highly ambitious, proud, never satisfied in subordinate positions or obligations, love order and discipline either way, extremely conscious in carrying out their duties, excellence in positions of authority in the Military,

...government and in general life, have secret enemies for being dictatorial in nature.

The 3's are also great communicators, and people will often seek them out for counsel. If the 3 Birthday cannot find ways to be happy, they will become very moody. The good news is that they do bounce back quickly.

Your ***Destiny Number is a 1!*** ...This *Number* comes from your *Full Name* at Birth. Before you leave the planet, your destiny is to be number 1 at what you do. You are a leader, and need to be in charge. You push yourself the hardest and strive to be the very best at everything you attempt.

When you have achieved one of your major goals, teach yourself to take time out and really enjoy the moment. With Destiny Number 1, you will have all the time you need to realize your dreams.

You must remember you are only human; it's OK to make mistakes on your way to achieving excellence. It would be wise to center your enormous energies – try Yoga, or any of the other Eastern schools of meditation to achieve inner serenity....

Your ***Soul-Urge Number is 2!*** ...This is derived from the Vowels in your Birth Name.

My soul is fulfilled when I am in love, and have found myself a harmonious environment; when I use my powerful intuition and solve the problem at hand; when I hear my favorite music and bring good people together.

Personality Number 8. The *Personality Number* comes from the Consonants in your Birth Name. Personality 8 appears as someone who is strong and disciplined. They carry themselves with innate dignity. The 8 has definite opinions about everything.

Continued...

The 8 wants to own quality things and does what it takes to attain them. The 8 will work very hard for their income. You can be stubborn and don't like to take advice. You exude a sense of well-being and prosperity, and people respect you on sight. Some will be threatened; a kind word will put them at ease.

Your **Power Name Number is 8!** ...This *Number* is derived from the Name you are *most commonly known by now*. Unlike your Date of Birth and Birth Name, which cannot be changed, we have control over the Power Name. Some folks even completely change their Name, such as when *Reginald Kenneth Dwight* became *Elton John!*

The Power Name Number 8 is very strong, and you like to let others know exactly where you stand on any given situation. You collect things for sentimental reasons. You are drawn to quality and because of that, you must find ways to generate a decent income.

You either make a lot of money or you let it slip right through your fingers; but money is an issue you must deal with in this Lifetime. You need to be more open to other people's advice and know that the people in your Life love you and want to help. You have to find ways to show the love that is in your heart, because you can be easily misinterpreted.

Your **Intensity Number is a 9!** ...This *Number* is sometimes tricky to calculate, but generally refers to the *Number* that appears within your *Birth Name the most*.

The 9 is charitable and cares deeply for people. They have a strong sense of wanting to go places. They should travel, look at the World, keep a journal, write their thoughts down, and let go of old pain from their past. When they need assistance, they need to ask for it. The 9 Intensity should not resist leadership positions. They are very good at being in charge.

Now that we've taken a look at ***all of*** the Numbers in your Chart, let's take a look at what's in store for you in 2023! You will be going into a ***Personal Year of 4!***

Home energy, education, and stability in love rule the year! Painting, redecorating, adding new colors to your home; or creating your perfect nest. Four is all about learning and teaching.

A wonderful year to take a course, go back to school, or teach something you love. On the shadow side you can be inflexible and a bit of a perfectionist. It's a year where you want stability but don't rule out taking a risk on something you really desire!

WOW! That was amazing! I hope you enjoyed your *Report* as much as I did creating it! Some of what shows up in your Chart/Report may not seem "like you". This usually means the individual is working that particular energy in the opposite, like swimming upstream! This is natural. Most of us do this, and this is an opportunity to switch directions and follow the Flow...
