Hello Sharon! ...and welcome to your **Numerology Report!** ...Above you'll see your Numerology Chart, with all of your *Numbers*. This way you can see them all at a glance. It's useful to look at it as a *Whole* this way....

As you can see, you have a couple of “6s”, *Balance & Harmony*, and Your Chart is well rounded with the other *Numbers*. However Your Chart is missing “4s” (*Structure*) and “9s” (*Completion, Philanthropy*)...

This is fine; just worth taking a look at. Especially the “9”, as you are about to move into a **9 Personal Year**.

I like to take note of what is not in your *Chart*, in addition to what is. I tell folks who are “missing” a *Number Energy*, to just keep that in mind, and look for ways to consciously implement that in their Lives.

So in your case, how can you implement more *Structure*, and also ways of *Giving Back* ...in addition to asking yourself, *what is it that no longer serves you, that you can now let go of?*

*Continued....*

So I like to start off with the *World Year Number* (sometimes called the *Universal Year*), which is not part of your Chart, but everyone on the planet is under the influence of.

We are currently in a ***World Year of 6*** – *A return to Balance & Harmony, after the Chaos of 5*. But, more importantly, we are about to move into a New Year. 2023 will be a ***World Year of 7!***

Seven is a magical and spiritual year! In a World Year of 7, we all feel drawn to connect with our spirituality, and our antenna is up where our intuition is concerned. We may find ourselves venturing out attending workshops, and finding people who are like minded.

If there is research to be done, this is the year. What about that genealogy project you have thought about or researching something you dreamed of? In a 7 year we often live in our heads a bit too much and need personal space.

Just don't hermit in too long and once you've had your space, get back into the game. Find time to listen to music, take walks in nature and being near water can be very comforting and healing. 7 is a magical and mystical number; there is mystery in the air this year!

In addition to the *World Year Number*, each of us is somewhere in our 9-Year *Personal Year Cycle* ...You are in a ***Personal Year of 8!*** ...Which is in alignment with your *Power Name Number*. Eight is the Number of *Abundance* and you may have found yourself having difficulty with finances, or, you may have

been experiencing a lot of abundance this year! If not, there's still time left in 2022 to set *Intentions* and get in alignment with *Abundance* ....but, with 2023 on the way, all of us will have a fresh start!

*Continued...*

*So, before we take a look at your upcoming **Personal Year of 9**, let's get the rest of Your Numbers out of the way....*

Your **Life Path Number is 5!** ...Arguably the most important *Number* in your *Chart*, The *Life Path* is derived from your full Birth Date. I liken it to the *Sun Sign*, in Astrology.

**Fives** seek freedom, fun, adventure. If they do not live the adventure, their lives become way too dramatic. They are the natural detectives and celebrators of life (holidays are usually their specialty). 5s have a hard time settling down and have a fear of being trapped or smothered in a relationship.

Your **Attitude Number is 11/2!** ...Derived from your Month and Day of Birth, The 2 Attitude is easy going. They are very good observers. They're also drawn to anything regarding psychic ability, and often may experience déjà vu. It is not uncommon for them to have a dream that comes true.

They are in touch with their intuition and the metaphysical side of life. They do have compassion for people and are fascinated with people's stories. They are seldom bored.

I wrote your Attitude Number as **11/2** because, before the final reduction to "2", I got "11" ....This is called a *Master Number* in *Numerology*. It means an opportunity for a higher-calling. **Master Number 11** is *The Master Illuminator Number*, and they are here to teach the rest of us....

Your **Birth Day Number is 6!** ...Obviously your Day of Birth, this number symbolizes Venus. People born on the 6th 15th and 24th are extremely magnetic and adored, determined in carrying out their plans, artistic, entertaining, loving, romantic, affectionate, fond of music, paintings and anything that is rich. They have a great power of making friends, but cannot stand jealousy.

*Continued...*

They appear as a born nurturer; someone who craves love, friends and companionship. When a 6 Birthday walks into a room, you will feel their presence immediately. They have a dynamic energy. The world sees them as a solid personality, very responsible and capable of managing other people. A 6 Birthday instinctively knows how to deal with children, and pets usually respond to them with instant affection.

Your ***Destiny Number is a 1!*** ...This *Number* comes from your *Full Name* at Birth. Before you leave the planet, your destiny is to be number 1 at what you do. You are a leader, and need to be in charge. You push yourself the hardest and strive to be the very best at everything you attempt.

When you have achieved one of your major goals, teach yourself to take time out and really enjoy the moment. With Destiny Number 1, you will have all the time you need to realize your dreams.

You must remember you are only human; it's OK to make mistakes on your way to achieving excellence. It would be wise to center your enormous energies – try Yoga, or any of the other Eastern schools of meditation to achieve inner serenity....

Your ***Soul-Urge Number is 7!*** ...This is derived from the Vowels in your Birth Name.

*My 7 soul is fulfilled when I can be alone with my thoughts and surrounded by nature's beauty – the ocean, mountains, and the redwoods; when I have found a spiritual base that I can truly believe in.*

***Personality Number 3.*** The *Personality Number* comes from the Consonants in your Birth Name. 3's love dressing up. Your appearance is important to you.

*Continued...*

You're happy when you are well groomed and prepared to greet the public. Your gift is communication.

The 3 Personality is witty and fun to be around. You love to give advice, and even if it's unsolicited, it's usually well received. You are a good listener (and even better talker), and you love the telephone.

In fact, conversation is a huge part of your Life. But work on your mood swings; even though you snap right out of it, others don't always get over them as quickly. Bringing joy to others is what really fulfills you.

Your **Power Name Number is 8!** ...This *Number* is derived from the Name you are *most commonly known by now*. Unlike your Date of Birth and Birth Name, which cannot be changed, we have control over the Power Name. Some folks even completely change their Name, such as when *Reginald Kenneth Dwight* became *Elton John!*

The Power Name Number 8 is very strong, and you like to let others know exactly where you stand on any given situation. You collect things for sentimental reasons. You are drawn to quality and because of that, you must find ways to generate a decent income.

You either make a lot of money or you let it slip right through your fingers; but money is an issue you must deal with in this Lifetime. You need to be more open to other people's advice and know that the people in your Life love you and want to help. You have to find ways to show the love that is in your heart, because you can be easily misinterpreted.

Your **Intensity Number is a 6!** ...This *Number* is sometimes tricky to calculate, but generally refers to the *Number* that appears within your *Birth Name the most*.

The 6 is The Nurturer, so if it's a man, he's rescuing the damsel in distress, and if it's a woman, she has a mate who's her little boy.

*Continued...*

Intensity 6's need to realize they don't have to do it all. They are magnetic, and you will be drawn to the 6. They don't know how to share responsibilities. They feel they have to do it all or it won't get done. So show them you can be there for them.

Now that we've taken a look at ***all of*** the Numbers in your Chart, let's take a look at what's in store for you in 2023! You will be going into a ***Personal Year of 9!***

Ahh your last year in this 9 year cycle. What do you want to release and choose to keep? This is the year to decide to clear away what no longer serves you to make room for the new to come into your life. You might be literally cleaning house, donating unused items or feeling a bit of wanderlust, packing boxes, in anticipation of a move.

People tend to come to you for advice and your intuition is particularly heightened which is common for the Personal Years of 2s, 7s, and 9s. Issues may come with family members, so create some space, and it can be emotional and physical space as well.

Other people may want to pull you in different directions, so go within and ask what you really want. It's a year to celebrate your uniqueness. In 2023, go for what you truly desire and release the opinions of others.

WOW! That was amazing! I hope you enjoyed your *Report* as much as I did creating it! ...There's a lot of Information there, so if you have a question about something, just shoot me a message through my Page at:
